

Important Camping Info for the Eagles Patrol

Patrol Leader: Alexander W. G.

Patrol Yell: “Eagles, eagles, we fly high!”

Important info about cussing and abusive/sexual language- Please do not cuss, use abusive/sexual language, or be racist. If you do cuss, you will be asked to apologize. If you apologize in a mean way, the scoutmasters may hold up your rank advancement. Cussing is especially bad for visiting Webelos. Saying inappropriate things may result in Webelos scouts not joining our troop. If you do cuss to a Webelos scout, you will be asked to write an apology letter. If our troop doesn't get new scouts, the troop may eventually die. ☹

Cell Phones, video games, and iPods are not to be brought on campouts or service projects- Listening to music, playing games, texting and making calls in the middle of a camping trip or service project is disruptive. If scouts are caught with these electronic devices, a scoutmaster will confiscate the device until a parent picks it up. (This is a troop wide issue) ☹

No guns, swords, fireworks, or other explosives are to be brought on camping trips- They are dangerous and could injure or kill someone, as well as destroying forest land. ☹

Please do not play roughly or mess around- Here at scouts, we are here for a purpose. When it is dinner time we cook and not graze, scratch up the chuckbox, or play with matches. Roughhousing is dangerous. It is probably not fun to have to take someone to the hospital during a campout because some scouts were fighting or playing roughly. Campouts are supposed to be fun, great times, not sad hospital visits. ☹

Finally, all chuckbox equipment will undergo a patrol leader inspection before the SPL inspects them- Here at the Eagles, we want to get the dishes cleaned the first time the SPL inspects them. That way, we can have fun before we have to pack up the trailer. ☺

If you have read this message, and you comply with the above, you will probably have a great time camping, guaranteed. ☺
